CHILDREN EXPERIENCES

Be it the children trying to copy Zog the dragon's rawr, experiencing Kitwana's journey of reuniting with his family after being a victim of human trafficking (the worst of child abuse), getting inspired by Shumail and her father supporting her in riding a bike, going along with Stella's journey to space, or learning to save a friend as Super Booba does, every film was received with positive learning and fun-filled entertainment by the children, teachers and parents.
