LICFF Gujranwala presented in collaboration with Cinepax Cinema and Doaba started from 25th November till 30th November, 2019 in Cinepax Cinema Kings Mall, Gujranwala.

The six-day long film festival was a momentous success in terms of response from children as well as teachers and families. Our shows had fully seated audiences who enjoyed the programs for all age groups.

More than 5000 children and youth attended the festival and enjoyed 116 films from 27 countries which were displayed on colossal screens of the cinema and presented to a young audience.

Schools and families participated in the event, the festival also included school children from foundation schools.

CHILDREN EXPERIENCES

Be it the children trying to copy Zog the dragon's rawr, experiencing Kitwana's journey of reuniting with his family after being a victim of human trafficking (the worst of child abuse), getting inspired by Shumail and her father supporting her in riding a bike, going along with Stella's journey to space, or learning to save a friend as Super Booba does, every film was received with positive learning and fun-filled entertainment by the children, teachers and parents.
